

SAVE YOUR DIMES
and
Buy a Watch on the Jitney Plan

I will sell you any of the following standard makes of high-grade watches on the "Jitney Plan," the new easy installment idea that is at present taking the eastern cities by storm.

Elgin Waltham Hamilton Howard Hampden

It is only necessary to pay 10 cents down and 10 cents additional each week for 20 weeks and the watch is yours.

YOU GET THE WATCH WITH THE FIRST 10 CENT PAYMENT, get to carry it and use it while you are making these exceptionally low weekly payments. Did you ever hear of such a remarkably easy way in which to secure a fine watch?

I will sell you any watch in my store, no matter what the price, on this same proportionate payment plan.

By this novel easy payment plan I am making it easy for every man, woman and child in or near Pendleton to own a watch OF THEIR OWN CHOICE.

Clubs will be formed in the selling of these watches, and the only requirement that I make is that the payments positively must be made every week—no exceptions to this rule.

You have probably been longing for some time to own a real good watch, yet have felt that you could hardly afford to stand the price IN ONE PAYMENT. If this is the case you are the man we are looking for.

COME IN MONDAY AND LEARN ABOUT OUR "JITNEY PLAN."

Hell's Pool Room Burns.
Hell's had a hot blaze last night when flames attacked the pool room operated by Murphy & Son and almost the entire town turned out to battle the fire according to W. H. However, the volunteer firemen felt fortunate in keeping the fire from spreading.

Gulott Extends Thanks.
Carl Gulott, who recently recovered his sight after years of blindness, wishes to express through this paper his appreciation and gratitude for the many kindnesses shown him. He feels deeply the interest which has been shown in him and declares this interest has made his good fortune a double one. He is particularly grateful to those who took the lead in arranging the public dance in celebration of the return of his vision.

Rejoices With Gulott.
One of the friends up this way who especially rejoiced with Carl Gulott of Pendleton in the restoration of his vision is Logan Galbraith, who has been wholly blind for five years, says the Weston Leader. Mr. Galbraith is led to hope that in the course of time a similar blessing may come to him. His misfortune was due to rheumatism affecting the optic nerve. Just now he is doubly unfortunate, having been crippled about eight weeks ago by a horse stepping upon his right foot. An old injury was thus aggravated, causing intense pain. Amputation of part of the foot may become necessary.

The train will be the last word in special trains from the standpoint of equipment and service and will be run over the O.-W. R. & N. lines. It will reach Pendleton early Friday morning and return to Portland Sunday morning. Today a block of 100 reserved seats for the last two days of the Round-up was forwarded to the Journal.
